

Important car parking information at Albany Stadium Pool

Our facility is situated in the grounds of QBE (North Harbour Stadium).

Auckland Stadiums have implemented a paid parking system at Albany Stadium Pool and customers receive their first two hours of parking free and any additional hours at \$1 per hour. To receive your two hours free, simply enter your licence plate number into the AT machine at reception or download the 'AT Park' app from the App Store or Google Play.

The stadium hosts many sporting events over the course of the year and some of these events will affect access to our facility and the availability of carparks (please see the following page for list of events).

Outside our facility are 68 designated carparks. When a big event is being held that we know will affect the availability of carparks we will block off our carparks from the rest of the stadium's with barriers and these will be prioritised for members (facility and swim school). Additional parking can be found in nearby Hooton Reserve.

When road closures are in place, our car park can be accessed only from Don Mackinnon Drive. There will be no access from Stadium Drive.

For more up to date info on our facility and car parking please like us on Facebook [@facebook.com/getfitalbany/](https://www.facebook.com/getfitalbany/)
